

AGM Proposal Template

Please use this template to summarise your idea(s) or proposal(s). These will be circulated ahead of the AGM, to allow members to review your input and attend the meeting better informed.

Ideally you would provide sufficient information to enable a vote on the evening of the AGM. If readers have specific questions, they can address them with you prior to the meeting, reducing the need for any prolonged group debate on the evening.

Your name	Jonathan Hamill
Summary of proposal (e.g. to run barefoot at all times)	Establish a contract for course funding
Supporting information or benefit (e.g. running shoes are expensive and to run barefoot provides significant savings)	<p>Historically the club has made ad hoc decisions to contribute to, fund, and apply external funding for a variety of course and qualifications (e.g. LiRF and CiRF). In some cases, the club has realised a limited return on investment.</p> <p>I propose that all applications for funding support should be made to the Committee who will make a prioritised decision based on the needs of the club and ensure an appropriate distribution of skills and capabilities (e.g. avoid having 10 people who can lead 9mm groups and no cover for 8 or 12mm groups).</p> <p>The expectation (to be formalised in a brief contract) is that Run Leaders and Coaches actively participate (in line with their qualification) in some form of activity on a monthly basis and assist with the operations of the club. On this basis, the Club (subject to the availability of cash and funding) will fund or contribute towards the cost.</p> <p>If a member fails to actively participate in line with this requirement, without good reason (e.g. illness, injury), then the club reserves the right to request repayment - from provision of funding for a minimum two-year period. Should the member in question leave and not settle a repayment request, the club reserves the right to refuse any club transfer request.</p>
